## GET INVOLVED

# Know what to boycott

Targeted consumer boycotts are convincing retailers across the world to stop selling products from companies profiting from Israel's crimes. Many Israeli exporters complain that it is getting harder for them to export their products.

The Palestinian BDS National Committee (BNC) calls for a boycott of Israeli and international companies that are complicit in violations of Palestinian rights. Virtually all Israeli companies are complicit to some degree in Israel's system of occupation and apartheid. We focus our boycotts on a small number of companies and products for maximum impact. We focus on companies that play a clear and direct role in Israel's crimes and where we think we can have an impact.

Check with [BDS organisations in your country \(/get-involved/join-a-bds-campaign\)](#) for the brands being targeted in your community.

Not targeted consumer boycott

A targeted consumer boycott focuses on a small number of companies

The BNC is currently encouraging consumer boycotts of the following products and brands:

### Israeli Fruit and Vegetables

Fruit and vegetables are one of Israel's biggest exports and all Israeli agricultural exporters are complicit in Israel's violations of international law as they operate on stolen Palestinian land.

### Caterpillar

Caterpillar bulldozers are regularly used in the demolition of Palestinian homes and farms and in Israel's massacres in Gaza.

### HP

Hewlett Packard helps run the ID system that Israel uses to restrict Palestinian movement. For more information, see <https://bdsmovement.net/boycott-hp> (<https://bdsmovement.net/boycott-hp>).

# sodastream

## SodaStream

SodaStream home drinks machines are one of Israel's best known exports.

## Ahava

Ahava cosmetics are another of Israel's best known export companies.

## Sabra

Sabra hummus is a joint venture between PepsiCo and the Strauss Group, an Israeli food company that provides financial support to the Israel Defense Forces.
